

ArcCalendar

Scheduling made
easy

Team Scheduling

Be it one-on-one calls or group scheduling—do it fast and easily. Create a separate booking page for each team member or pool team member into one booking page, along with their availability, to help customers choose one or multiple people they want to talk to.

Appointment Scheduling Calendar

Stay on top of your schedules to take advantage of opportunities. Maintain the upcoming schedules in an eye-pleasing manner by color-coding them and clicking on them to figure out the details of the meeting. Edit the meeting details anytime, anywhere.

Reminders & Notifications

Send instant notifications to customers and staff on newly booked, rescheduled, or canceled appointments. Customers will receive reminders on their upcoming appointments at regular intervals.

Centralized User Management

Simplified user management to delegate or relegate access to users. Pool the team members into groups and assign group admins to handle the user management
